**Enormous Potential of Cooperation with Turkey”**  
**and Exhibition of Bangladeshi Pharmaceutical Products**  
**followed by B2B Meetings at**  
**JW Marriott Hotel in Ankara on 15 November 2017.**

Greetings from the Embassy of Bangladesh in Ankara!

In order to add momentum to the pharmaceutical business and to create a conducive atmosphere to enhance cooperation among the Bangladeshi and Turkish pharmaceutical exporters-importers and manufacturers, the Embassy of Bangladesh is going to organize a day-long event at JW Marriott Hotel in Ankara on 15 November 2017.

We are expecting the Hon'ble Minister for Labour and Social Security, H.E. Ms. Jülide Sarıerođlu to grace the occasion as the Chief Guest, while President of Turkish Medicines and Medical Devices Agency, Dr. Hakkı Gürsöz will be the Guest of Honour.

A 12-member delegation representing 10 major Pharmaceutical Companies of Bangladesh will visit Ankara to meet their Turkish counterparts i.e. Turkish manufacturers and major Turkish importers in Ankara.

We believe that the event will provide good opportunities to the two sides to explore the import & export market, contract manufacturing and even explore joint venture investment opportunities in the pharmaceutical sector. We also believe that the event will promote access to quality medicine for the peoples of Bangladesh and Turkey- two brotherly countries.

With this in view, you are invited to the upcoming Seminar plus Exhibition followed by Lunch and B2B meetings from 10:00 hrs to 14:00 hrs on 15 November 2017 at JW Marriott Hotel in Ankara.

**Your gracious presence will be deeply appreciated.**

You may kindly send a confirmation message regarding your participation to the Seminar & B2B meeting to the contact person's e-mail address mentioned hereunder at your earliest convenience.
